Subject: Palm Beach County State Attorney Dave Aronberg Creates Web Portal for Public Access to Jeffrey Epstein Records

Please see the following statement from Palm Beach County State Attorney Dave Aronberg:

“In response to a large number of requests, my office is posting online all the public records from the investigation and prosecution of Jeffrey Epstein. These records, which have all been released previously pursuant to public records requests, can be accessed through the following link:
www.sa15.org/stateattorney/NewsRoom/indexPR.htm or
www.sa15.org > Newsroom > Public Records

The Jeffrey Epstein case occurred several years and multiple State Attorney administrations before I became Palm Beach County State Attorney in 2013. As such, I have never seen or had access to the Epstein Grand Jury transcripts, as the State Attorney’s office has never possessed them. As lawsuits and investigations continue to move forward, I hope that Epstein’s victims are able to achieve justice and closure they deserve.”
